

COVID19 Update

Employee Attestation of Symptoms

Starting Monday 3/30, all MGH employees will need to complete a symptom screening form to confirm that they do not have symptoms of COVID-19 prior to starting work.

Instructions:

- The form will ask you to report if you are experiencing any of the following symptoms: influenza-like illness, fever, new cough, shortness of breath, sore throat, and/or nausea or diarrhea.
- Employees who report any of the symptoms listed above will be asked not to come to work and to call the Partners Occupational Health COVID-19 hotline at 617-724-8100. Please also call your manager or supervisor.
- Once you attest to an absence of symptoms, you will receive a “cleared for work” pass.
- When you arrive at work, you will show this “cleared for work” pass, along with your MGH ID badge, to security at the hospital’s entrance.
- You do not have to wait until you get to work to fill out the screening form, you can complete it before you get to work.

There are 3 ways to access the form:

1. Scan the QR-Code with your smartphone camera

Line up the QR-Code on your screen. Touch the link that appears. The Attestation screen will open.

2. Install the COVID Pass App from the Partners App Catalog on your smartphone

NOTE: You must have installed MobileIron on your phone to use this app.

Android users: please use the QR code above

3. From your smartphone or any computer, type this link into your browser (www.partners.org/covidpass) to open the Attestation screen.

Once you access the Attestation screen:

- Log in with your **Partners username and password**, complete the screening and click submit to access your “Cleared for Work” pass.
